## **Undergraduate Academic Advising Student Learning Outcomes**

Supported by the process of academic advising, College of Business undergraduate students will:

- ❖ Understand academic requirements and policies and articulate the purpose of their educational requirements.
- ❖ Locate and utilize campus resources that help them explore academic programs and promote academic success.
- ❖ Select a major based on their skills and interests.
- ❖ Access and interpret their degree audit, create an academic plan, and monitor their progress toward degree completion.
- ❖ Assume responsibility for meeting academic program requirements.
- ❖ Engage with resources that support their professional development and career goals.
